

Weekly Report

Date: 11/19/2012

Project Name: Infant Respiratory Monitor

Group Number: 11

Group Members: Sean Ermer, Tim Lau, Leo Li

Current status of project:
We have completed most of our CAD models and have begun working on the design safe.
Work completed in the last week:
Most of the CAD models that we require, including of the piezo device, the strap, and the specifications of the microcontroller have been completed. We have also done most of our circuit designs and analyses.
Work planned for next week:
We plan to complete the design safe.
Anything needed from client or TA or instructor to continue work:
None.
